Subject: TSCA Workgroup Members - Shame!
Attachments: ATT00001.txt; SRRTTF-Letter-to-WA-Governmental-Organizations-regarding-Road-Paint_Final-Draft_042618.docx

Shame on you TSCA Workgroup members that did not stay on the call to continue our TSCA workgroup business (except Lisa and Lucy)! Apparently you are not reading my email messages, so I will keep this one short so I don't lose your attention. The TSCA workgroup was supposed to approve the Road Paint Letter (attached) for submittal/approval to the SRRTTF at the May meeting, and review the action items from the prior meeting. We will save the action items for review at the June TSCA workgroup meeting, but we need to close our business around the Road Paint Letter. If I don't hear back from you by next Friday, May 10, I will assume that you are OK with the letter as written. Otherwise, please send me any comments.

Vote Tally for Acceptance of the Letter as written:
